Senior Frontend Engineer

Tirana, Albania | eljohoxha15@gmail.com | +355 69 223 4848 | linkedin.com/in/eljo-hoxha-70915b279

Profile

Senior Frontend Engineer with 5+ years of experience building scalable web and mobile applications for SaaS platforms, marketplaces, fitness apps, audio streaming products, and community platforms. Specialized in React, React Native, Expo, TypeScript, frontend architecture, reusable component systems, and cross-platform product development.

Core Skills

React, React Native, Expo, TypeScript, GraphQL, Firebase, TanStack Query, TanStack Router, Tailwind CSS, EAS releases, reusable component systems, frontend architecture, monorepos, white-label applications.

Selected Experience

2026	ChamberedIn	Senior Frontend Engineer
2025-2026	One Home Solution	Senior Frontend Engineer
2025	Power of Two	Senior Frontend Engineer
2024	Pulse Access	Senior React Native Engineer
2024-2025	N-OV8	Frontend Engineer
2023-2024	KidsPod	React Native Developer
2022-2023	Food Delivery Platform	React / React Native Developer
2021-2022	Motomtech Platform	Frontend Engineer

Case Study Highlights

Pulse Access: Led React Native CLI to Expo migration, improved architecture for scalability, supported white-label product direction, and release workflows with EAS.

Power of Two: Built admin and mobile architecture patterns with reusable frontend systems and production-ready workflows.

One Home Solution: Contributed to an Expo monorepo and AI-assisted booking flows for a scalable home services product.
